Ecclesiology

This was the first time an ecumenical council had devoted so much attention specifically to laypeople, with the laity receiving their own chapter in the Dogmatic Constitution on the Church in addition to being the subject of an entire document — the Decree on the Apostolate of the Laity Apostolicam Actuositatem.

Pre and Post

To seek God in all things and to embrace every cross as a gift from the suffering Jesus, on the other hand, is the way of perfection.

All other councils were called because of some crisis or problem that the Church needed to address. They would not recognize the liturgy they had loved and prayed in our mainstream liturgy; the religious life they had embraced and treasured in nearly any instances of our religious life; the doctrine they had held and taught in what is almost everywhere put forward as Catholic doctrine today; and so forth. Possible ex library copy, will have the markings and stickers associated from the library.

Ecclesiology

Mass facing the people is a not requirement of Vatican II; it is not in the spirit of Vatican II; it is definitely not in the letter of Vatican II. Before, churches were full and more were being built, schools were overflowing and multiplying, seminaries assured a robust priesthood as they spilled out and more were created, nuns were predominant in schools that taught excellent scholastics and matching knowledge of, and love for, Catholicism.

Tradition, Continuity, and Vatican II

These teachings largely perhaps entirely overlap with those contained in Scripture, but the mode of their transmission is different. But we can repeat the observation that Catholics have been losing the sense of sin.
