Saving Ghana's Revolution: The Demise of Kwame Nkrumah and the Evolution of Soviet Policy in Africa, 1966

This time, Hotárek did not conceal his irritation, apparently telling Batsa he was not serious and would just speak about socialism and progress while doing nothing to make it happen. Until recently, the East European archives were the only source of information about Soviet policymaking in Africa. Nyerere and Africa: End of an Era Third ed.

Nkrumah's fall was thus a jarring setback for Moscow, rekindling a debate within the Warsaw Pact about the prospects for revolution in Africa. He became involved in the African American struggle through work with the African Students Association where he served as president for several years as well as the Council on African Affairs with Dr. Another strike at tribalism fell in Ashanti, where Nkrumah and the CPP got most local chiefs who were not party supporters.

The KGB did not have an active presence in the region until 1961, but by 1966 an intense competition between secret agencies, fueled by internal rivalries, had become the norm, contributing to the polarization of politics on the continent and the demise of African unity as a political project. Moreover, Batsa had neither managed to answer any questions about the security arrangements at key locations in Accra nor presented any specific operational plans. The Coup Against Nkrumah and the Role of African Americans in the African Revolution

International capital can be attracted to such viable economic areas, but it would not be attracted to a divided and balkanized Africa, with each small region engaged in senseless and suicidal economic competition with its neighbours. Moscow agreed to his recommendation and recalled the ship, which was apparently already on its way to Conakry. Although Nkrumah did not compromise on his insistence on a unitary state, the nation was divided into five regions, with power devolved from Accra, and the chiefs having a role in their governments.
