**Unemployment, capital accumulation and labour market institutions in the Great Recession\* : European Journal of Economics and Economic Policies**

GRR has a statistically significant positive effect at the 1 per cent level. Exploring Economics is a community project.

**The Labour Movement in Zimbabwe 1980**

Could the egalitarian imperative that motivates the demand for the socialization of the means of production also be satisfied by an equal distribution of the latter, or by a neutralization of the impact of their unequal distribution on the distribution of welfare? Structures enable individuals to realize their individual potentials.

**To tackle inequality, we must start in the labour market**

Despite its non-operational and non-practical nature, Marx's labour theory of value remains powerful, especially in countries that have attempted to put it into practice, as for example, Lenin and Stalin did in the former Soviet Union.

**Feminist Economics**

Oder: Warum feministische Ökonomie nicht ausreicht. Nevertheless, feminist economics highlights the central role of gender relations for the analysis of macroeconomic relations by, for example, pointing to the gender blindness of macroeconomic aggregates such as national accounting and GDP, in particular.

**Labour won't transform our economy**

On the other hand, who is waged and who is unwaged has always been a largely political — in fact, legal — issue, as Picchio goes on to demonstrate with reference to the British Poor Laws, and their legal, gendered distinction between abled that is, male and unable bodies. Their reproaches were well founded.

## **Social Power and the Labour Market**

M K Gandhi — The Gandhian Approach: Gandhiji can be called one of the greatest labour leaders of modern India. Whether the application of LMF can be a positive impact like as imagined by its proponents? Marxists connected to Silvia Federici and Mariarosa Dalla Costa started a discussion on unpaid reproductive labour and its role in the production process by the wages-for-housework debate in the 1970s.
