At the same time, writing and memorizing could not establish any verse as being part of the Qur'an if its transmission was not uninterrupted. There is no God save Him. We demonstrated the falsity of these traditions earlier in this study.

IT's writings

In contrast, the clear statement of tradition 8 and the apparent sense of other traditions suggest that this was done during 'Umar's time. Tauhid adalah seruan yang pertama kali disampaikan oleh setiap Nabi dan Rasul yang diutus Allah.

8. The Collection of the Qur'an

A tradition was related by Ibn Shihab on the authority of Salim b.

Sharh Al

Qatadah reports the following: I asked Anas b. Thabit reported: When we copied the codices, a verse was missing which I used to hear from the Messenger of God. Examples are pleonasm, hyperbole, metonymy, periphrasis, etc.

The arguments drawn by the author, based primarily on the Arabic language itself and the history of the Arabic language, are self-evident and vindictive. When he was thirty, he was offered the office of Chief Justice, but refused, as he could not persuade himself to follow the limitations imposed by the authorities.

Tahdzib Syarah Aqidah Ath Thahawiyyah (Syaikh Abu Basheer At Tarthusi)

Thabit on any point of the Qur'an, write it in the dialect of the Quraysh, for it was revealed in their tongue.
