It traces how the concept of punishment has evolved over time from ancient forms of punishment to present day incarceration. Diversity, Justice, and Social Change This course examines how diversity characteristics and inequality influence the administration of criminal justice.

**Need for Comparative Criminal Law**

Self-help groups in general, and in particular the , which emphasize spiritual and moral change, represent another aspect of positive criminology. Most participants reported that they had experienced personal and social changes during their current imprisonment, attributed to the support they received from various sources both inside and outside the , particularly spouses, parents, therapists, and religious figures.
