President pressured Burnside to take aggressive action and approved his plan on November 14 to capture the Confederate capital at. In charge of what would later become the Army of the Potomac's Ninth Corps, he battled gale-force winds, seasickness, and knee-deep swamps to seize and occupy Roanoke Island and the North Carolina sounds, victories that helped to solidify the Union navy's blockade of the Atlantic coast. He kept them under house arrest for months but never charged them with espionage.
