What is an Individual Transition Plan (ITP)?

Transition from school to life: A workshop series for educators and transition service providers.

Transition Planning for Individuals with Learning Disabilites

John's ITP would include this goal, along with his plan to attend a local technical college after he graduates high school.

ERIC

If they also have learning and thinking differences, talking with them may be extra helpful. The second step is helping the student develop their current year goals, and this can be achieved by asking the student what it is they need to do this year to get to their post-school goal.

Types of Special Education Plans

Then, the Special Education teacher should ask the child about his or her goals after high school, such as plans to attend school or start working, where they plan to live, and how much independence they would like to have.

What is an Individual Transition Plan (ITP)?

While an IEP is created as soon as a student has been identified as needing Special Education services, the Individual Transition Plan is not included in the IEP until a student reaches transition age. Academic and participation profiles of school-age dropouts with and without disabilities.
