CLASS RACER FORUM

Class Racer Photo Gallery - Our other 5-6-7's Terry Racing 1970's super stocks Low Buck Bob Racing Welcome to the CLASS RACER FORUM. Race management system and track design software for slot racers Ultimate Racer is a lap counter, lap timer and track layout editor It is designed for any scale, style or brand of slot track, including Scalextric, Carrera, Ninco and routed wooden tracks, from single lane rally tracks to multi-lane Championship raceways. Some RPM-based distributions Mandrake and Connectiva Linux, for example already include Tux Racer packages; we suggest you use them if they are available.

Ultimate Racer

Mac OS X has ported Tux Racer 0.

Tux Racer

By having engineers and sales staff in the field we are in tune with the most popular models and upcoming releases from OEM's. The majority pf the activity here takes place in the.

Spec Racer Home Page

This is a small patch on the 0. We offer countless products for each manufacturer ranging from the latest model releases to popular models released throughout history.

CLASS RACER FORUM

First time visiting CLASS RACER, be sure to check out the by clicking the link above. We want to get the features that will go into Version 1. These ports are untested and unsupported by Sunspire Studios; if you have problems with them please contact the creator of the port or the mailing list.
